What curriculum do you teach?

We have chosen to utilize research-based curricula that is flexible to meet the unique needs of the children in each classroom, and which use open-ended activities in which the children are active, participatory learners. Our curriculum is based on our Christian faith, our understanding of child development, current research in early childhood education, and our knowledge of each individual child, his interests, needs, abilities, and background. As such, we believe the curriculum of Precious Lambs Preschool is designed to meet the spiritual, physical, cognitive and social-emotional developmental needs of our children. We believe this curriculum will create capable learners who are able to think for themselves, solve problems, and live as children of God.

Several specific curriculum resources which we utilize, but are not limited to, are the High Scope curriculum, the Christ-Light curriculum, and the Handwriting Without Tears curriculum.
